## A Beautiful Day for a Fun Workshop!

28 members participated in our Succulent Fairy Garden Workshop on August 5th. It was a little warm, but we had plenty of shade and lots of cool beverages. Although everyone created the same type of garden, the creativity flowed, and each garden had its own 'personality.' The instructor, Erin Trissler, normally teaches this class using artificial succulents, but hey -- we're a garden club so we couldn't settle for anything less than live, colorful succulents. Check out the gorgeous creations below.
